

To whom it may concern,

Mrs. Gay Brown is an excellent English language teacher. She tutored our 4-year-old son in English for half year in 2014. Her teaching style is very gentle and careful. It is also very enjoyable for kids. Our son liked to come her lesson.

When we moved from Japan to Perth end of 2013, our son did not know English completely. But he started to go kindly. Before our son came to her lesson, he did not have confidence to talk at his kindly. But, after finished her lesson, he got a confidence to talk with friends and teachers in English. We really appreciate her kind and great teaching.

Mrs. Gay Brown is an excellent English language teacher, I strongly recommend her to you.

Sincerely yours,
